Responsible Entity: Franklin County Department of Public Utilities

Person in Charge/Contact: Chris Doherty – Director

-NPDES # NC0069311
-Storm Water Discharge Permit # NCG110084
-Conjunctive Reclaimed Water System Permit #WQ0035300
-DWQ Laboratory Permit # 350
-Collection System Permit # WQCS00179

Description of Collection System and Treatment Process:

Collection System
Franklin County's wastewater collection system consists of approximately ninety-six miles of gravity sanitary sewer line and thirty-six miles of sanitary sewer force mains utilizing thirty-three pump stations with stand-by power. Using these pump stations, force mains, and gravity sewer lines, wastewater is conveyed to the Franklin County Wastewater Treatment Plant (WWTP).

Treatment Process
The Franklin County Wastewater Treatment Plant is a grade IV plant with a designed treatment capacity of three million gallons per day. The treatment process consists of an influent pump station with an automatic bar screen. Influent flow, pH, temperature, and dissolved oxygen are monitored continuously. The wastewater passes through a grit remover before it is treated in a three stage (anaoxic, anaerobic, and aerobic) biological nutrient removal basin. Final clarification removes biosolids and the effluent is filtered through tertiary disk filters and disinfected with ultra-violet light before being discharged into Cedar Creek. Final Effluent flow, pH, temperature, and dissolved oxygen are monitored continuously. The biosolids are aerobically digested and thickened before being land applied.

Mercury Minimization Plan: Franklin County's Mercury Minimization Plan was implemented in January 2015. The Mercury Recycling Program can be found at www.franklincountync.gov

Fats, Oils, Grease Program (FOG): Franklin County's FOG Program consists of forty permits. Information pertaining to the FOG program can be found at www.franklincountync.gov

II. PERFORMANCE:

Permit Limit Violations: Franklin County Wastewater Treatment Plant (WWTP) experienced one permit violation during 2024. The violation was due to exceedance of the weekly/monthly average for BOD and TSS in the month of January. All issues cited in the Notice of Violation were corrected to the satisfaction of the State of North Carolina, and no enforcement was required.

ADVERTISEMENT OF TAX LIENS ON REAL PROPERTY FOR FAILURE TO PAY FRANKLIN COUNTY/TOWN OF LOUISBURG/TOWN OF BUNN/TOWN OF WAKE FOREST/TOWN OF FRANKLINTON 2024 TAXES

In accordance with Section 105-369 of the General Statutes of North Carolina, the taxing unit may foreclose on tax liens and real property subject to tax liens in satisfaction of its claim for taxes. Liens upon the real estate described below are for non-payment of taxes owing for the year of 2024. The amounts advertised will be increased by interest and costs and the omission of interest and costs from the amounts advertised will not constitute a waiver of Franklin County's, Town of Louisburg's, Town of Bunn's, Town of Wake Forest's and Town of Franklinton's claim for those items. The real estate subject to the lien is listed in the name of the owner of the date the property tax became delinquent, Jan. 7, 2025, and the principal amount of the taxes are set out below. When a parcel was subdivided after January 1, 2024, and ownership of one or more of the resulting parcels was transferred, the amount of the tax lien on each parcel, as shown in this advertisement, is the amount of the lien on the original parcel as it existed on January 1, 2024, and is subject to adjustment when the taxes are paid or the lien is foreclosed. A more exact description of the real estate may be examined in the office of the Franklin County Tax Collector or in the office of the Register of Deeds.

Payments made after March 05, 2025 may not be reflected in this statement.

This is the 13th day of March, 2025.

John Preston, Tax Collector
