## ADVERTISEMENT OF TAX LIENS-REAL PROPERTY TOWN OF YOUNGVILLE, N.C.

Under the authority vested in me by Section 105-369 of the North Carolina General Statutes and pursuant to an order of the Board of Commissioners of the Town of Youngsville, dated February 8, 2024, I am hereby advertising tax liens for the year 2023 upon the real estate described below.

The real property parcel subject to the lien, the name of the parcel's owner as of January 6, 2024 (and/or the names of subsequent owners,) and the amount of taxes due are set out below. The amount advertised represents only the principal taxes for tax year 2023 that were unpaid as of April 12, 2024. The actual amount owed by the taxpayer will be increased by all taxes owed for prior tax years and by all applicable interest, costs, and fees. The omission of prior years' taxes and interest, costs and fees from the amount advertised will not constitute a waiver of the taxing unit's claim for these items.

If the taxes remain unpaid, the Tax Collector will use all available collection remedies to collect the delinquent taxes, including the levy on personal property, the garnishment of wages, the attachment of bank accounts, rents, debts, or other property and the foreclosure and sale of the real property. These collections procedures do not apply to taxpayers that are subject to pending federal bankruptcy petitions.

When a parcel was subdivided after January 1, 2023, and the ownership of one or more of the resulting parcels were transferred, the amount of the tax lien on each parcel, as shown in this advertisement, is the amount of the lien on the original parcel as it existed on January 1, 2023 and is subject to adjustment when the taxes are paid, or the lien is foreclosed.

This, the 18th day of April 2023.

### Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

*Guess Who?*

I am a football coach born on February 16, 1952 in Tennessee. I played tight end in college for Wesleyan University. I've coached a number of teams, but led one NFL team to victory at the Super Bowl six times.

Answer: Bill Belichick
